2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. continuation of 4: The amendment is non-compliant with regard to 35 C.F.R. 1.121 (b). The claims do not include all the modifications to the text of the claims. For example: in claim 1 in the limitation the reads: "an act of assigning a trigger to the selected data table, the trigger configured to update the versioning information for the selected table included in the (record) in the change notification table when the content in the selected table is altered" the word "record" was omitted in the latest version of claims and should have been indicated by crossing the word out. In the following limitation the claim was amended by adding "the interim results based on" wherein the "based on" has not been underlined. Other claims reflect similar deficiencies.
